PROFESSIONAL SUMMARY

Motivated Computer Science Engineering student at Amity University Punjab with strong interests in Cybersecurity, Cloud Computing, Python Development, and Data Analytics. Skilled in developing beginner-friendly cybersecurity projects and continuously improving technical expertise through hands-on learning, simulations, certifications, and project-based practice.

EDUCATION

Amity University Punjab, Mohali

Bachelor of Technology (B.Tech) – Computer Science Engineering
2024 – 2028 | CGPA: 7.61 | SGPA: 8.33

- Relevant Coursework: Python Programming, Object-Oriented Programming, Cybersecurity Fundamentals, Networking, Cloud Computing, Data Structures, Data Visualization

Ryan International School

Class XII (PCM) | 80.4%

Vivek High School

Class X | 94.2%

TECHNICAL SKILLS

- Programming Languages: Python, C, C++, Java
- Cybersecurity: Phishing Detection, IAM Fundamentals, Web Security Basics, Cybersecurity Awareness
- Cloud & Tools: AWS Fundamentals, GitHub, VS Code, Tkinter, Canva, Excel
- Professional Skills: Problem Solving, Communication, Analytical Thinking, Team Collaboration

PROJECTS

Phishing Email Detector using Python | Python, Tkinter, Cybersecurity

- Developed a rule-based phishing email detection system using Python.
- Implemented suspicious keyword analysis, phishing alert mechanisms, and risk score calculation.
- Built an interactive GUI-based application using Tkinter.
- Added suspicious link detection and email classification features.

Cybersecurity Analyst Job Simulation – Forage | IAM & Cybersecurity

- Worked on Identity and Access Management (IAM) concepts in enterprise-level scenarios.
- Analyzed secure authentication and authorization workflows.
- Explored user access management and cybersecurity practices.

Data Visualisation: Empowering Business with Effective Insights – Forage | Data Analytics

- Worked on business-focused data visualization scenarios and analytical insights.
- Learned dashboard interpretation and visual storytelling techniques.
- Improved understanding of communicating business insights effectively.

AWS Academy Cloud Developing Training | AWS Cloud Computing

- Explored cloud computing concepts, AWS services, and deployment fundamentals.
- Gained practical understanding of scalable cloud-based solutions and development workflows.

CERTIFICATIONS

- AWS Academy Graduate – Cloud Foundations Training Badge
- AWS Academy Graduate – Cloud Developing Training Badge
- Introduction to Cybersecurity – Cisco Networking Academy
- Cybersecurity Analyst Job Simulation – Forage
- Tata Data Visualisation: Empowering Business with Effective Insights – Forage
- Master ChatGPT: Transform Your Life With AI Chatbots
- AI Tools Workshop – Be10x

EXPERIENCE

Home Tutor | Self-Employed

Jun 2024 – Present

- Provided one-on-one tutoring in Mathematics, Science, English, and Computer Science.
- Helped students improve conceptual understanding and academic performance.
- Developed strong communication and mentoring skills.

ACHIEVEMENTS & INTERESTS

- Built beginner-friendly cybersecurity and Python-based projects.
- Active learner in Cybersecurity, Cloud Computing, Artificial Intelligence, and Data Analytics.
- Regularly participate in technical learning programs, simulations, and certifications.
- Passionate about exploring real-world technology applications and emerging tools.

LANGUAGES

- English – Native/Bilingual Proficiency
- Hindi – Professional Proficiency
- Punjabi – Native Proficiency
- German – Elementary Proficiency
