SUMMARY

Computer Engineering undergraduate at Amity University with hands-on experience building cybersecurity tools, 12 industry certifications from AWS, Cisco, IBM, and Forage, and core competencies in incident response, log analysis, penetration testing, and Python development. Proven communicator and quick learner seeking a cybersecurity or software engineering role.

EDUCATION

Amity University

Bachelor of Technology (B.Tech.), Computer Engineering

Sep 2024 – Sep 2028

Punjab, India

Ryan International School

High School Diploma, Science (PCM)

2022 – 2024

Vivek High School

Middle School Diploma

Apr 2010 – Mar 2022

EXPERIENCE

Home Tutor

Self-Employed

Jun 2024 – Present

Mohali & Chandigarh, India

- Instructed 10+ students in Mathematics, Science, English, and Computer Science; delivered structured lesson plans that produced measurable grade improvements across all enrolled students.
- Strengthened communication, leadership, and analytical skills by managing individualized learning plans, demonstrating adaptability and stakeholder management transferable to technical environments.

PROJECTS

Phishing Email Detector

Built a rule-based detection engine with keyword analysis, dynamic risk scoring, suspicious URL flagging, and a Tkinter GUI for real-time email threat classification.

Python / Tkinter / Cybersecurity

TECHNICAL SKILLS

- **Cybersecurity:** Incident Response, Log Analysis, Penetration Testing, Threat Detection, Network Security, SOC Operations
- **Programming & Tools:** Python, Tkinter, Rule-Based System Design, GUI Development
- **Cloud & Infrastructure:** AWS Cloud Foundations, AWS Cloud Developing, Cloud Architecture, AWS IAM
- **AI & Data:** Prompt Engineering, ChatGPT, Data Visualisation, Business Intelligence
- **Languages:** English (Native), Hindi (Native), Punjabi (Native), German (Elementary)
